

# PDME is proud to introduce our new website that has been designed with you in mind.

We've been working diligently trying to improve the overall customer experience. Here is an overview of some of the new great features that you can come to expect:

## - Brand New User Interface

This will allow you to navigate the website more efficiently, giving you the power of productivity. It's more intuitive and aligned with the experience that you're already used to.

## - Smart Search

Enhanced search features including side by side comparisons, richer product details and targeted machine and equipment accessory matching.

## - New searching algorithm

Our new searching algorithms gives you the product your looking for, the first time.

## - Increased functionality and reporting.

The new reporting tools provided allow you to make decisions more confidently. The best decision, is a well informed one.

## -Enhanced Content

We're introducing our new enhanced content, with new product images and descriptions to make more confident buying decisions.
